

48th International Symposium on Essential Oils

Hotel Palatinus, Pécs, Hungary
10-13 September 2017

Young Scientist Fellowship

Application instructions

Fellowship applicant must

1. Make a contribution to the symposium either as a poster or as an oral presentation. Check carefully the Abstract instruction before submission. Please use the Abstract template of the ISEO 2017. Abstracts not complying with these instructions will not be accepted and the corresponding Young Scientist Fellowship application will not be considered.
2. Be under the age of 35.
3. Send a Proof of Eligibility. If the applicant is a graduate or a PhD student, we would like to ask for a proof of eligibility. This document is a form of a letter about the applicant's status and signed by the thesis supervisor (in case of graduated student) or PhD supervisor (in case of PhD student) or Head of Department. Applications without Proof of Eligibility or arriving after the deadline will not be considered.
4. Inform the Organizers if the applicant receives other funding to enable her/him to attend the symposium.

A full application consists of

- a) detailed CV with a list of publications
- b) abstract of the proposed presentation (prepared according to the instruction)
- c) Proof of Eligibility

The deadline of sending these documents is 8 May. Please send the documents to the Secretariat of ISEO 2017.

Email: heiszlerzsuzsanna@diamond-congress.com

The preferred formats of the documents: MS Word, jpg or pdf.

Selection

Decision on Young Scientist Fellowship Award will be made by the Local Organizing Committee of ISEO 2017. Selection criteria include the originality and scientific quality of the research, and the quality of the abstract based on Abstract template. **Abstracts with poor English will not be accepted.**
